EXPERIENCE

R&D in Agent-Based Modelling

Simudyne • London • United Kingdom • Since March 2018 • Internship
- Exploration of agent-based models with statistical and machine learning techniques
- Analysis and visualization of many time series

Open-source projects

GitHub • Since 2013 • Volunteer Work
- https://vayel.github.io/
- https://github.com/Vayel

Author & blogger

Zeste de Savoir • Since July 2013 • Volunteer Work
- Publish tutorials and articles: https://zestedesavoir.com/membres/voir/Vayel/
- Give feedback to other authors
- Help people on forums

Summer internship in web development

Open source project IEML • Montreal • Canada • June 2017 to August 2017 • Internship
- REST API with Django Rest Framework
- MongoDB database design
- Front-end development with jQuery

Project Manager

Junior Company Nsigma • Grenoble, France • November 2015 to February 2017 • Student Project
- Analyze client needs
- Write technical specifications
- Give estimate of costs
- Manage programmers

Computer consultant

Junior Company Nsigma • Grenoble, France • September 2015 to February 2017 • Student Project
- Code client projects
- Follow specifications
- Respect deadlines

EDUCATION

Master degree in Information Systems Engineering

École nationale supérieure d'informatique et de mathématiques appliquées • September 2015 to August 2018

Classes préparatoires aux Grandes Ecoles - Mathematics/Physics

La Martinière Monplaisir Lyon • September 2013 to July 2015

SKILLS

Computer science
- Python (Django, numpy, matplotlib...)
- Machine learning (Tensorflow, PyTorch, scikit learn)
- Agent-based models (sensitivity analysis, time series analysis...)
- Computer vision
- Git
- Databases (SQL, MongoDB)
- Docker
- REST API
- Web (HTML/CSS/JS/back-end)
- Linux
- C, Go, Java

Commercial
- Customer service
- Negotiation
- Technical specifications
- Project management

Languages
- French
- English

INTERESTS

General culture
- Sciences
- Philosophy
- Mathematics

Sport
- Climbing
- Caving
- Canyoning
- Yoga
